

# Need to catch up on your child's immunisations?

Book an appointment at one of our community clinics if your child has missed out at school or is home educated for:

- Flu (September to February) every year
- MMR if missed first or second dose before school
- Teenage booster against tetanus, diphtheria and polio in year nine and above
- Meningitis in year nine and above
- Human Papilloma Virus (HPV) in year eight and above

Visit <https://linktr.ee/ImmunisationTeam> for more information to book your child's appointment

**Any questions?**
